I am available from 9 to 10 and from 11:30 to 12:00. Do either of those work for you?

Thanks,

Jason

Subject: Hatco

Hi Jim,

I wanted to give you a heads up on a couple of items on the Hatco project

- We were able to resume LNAPL recovery efforts this month. We are operating manually with Level C PPE, full time fire watch and all the other bells and whistles necessary to do the work safely in the presence of the elevated vapors. We will restart the pumps in the spring.
- We met with Woodbridge Township last week and are very close to the path forward on the pond remediation. I should be able to give you an update just after the holidays.
- It's been a little while since we tried to schedule meeting for the offsite remediation areas. I plan to get one on the calendar as soon as we have our path forward for Woodbridge pond resolved with township. Please let me know if there are dates that will work for you in the next couple of months.

Have a great holiday.

Thanks,

Jason
